Our Standard Sizes And Cuts

This table shows you our standard sizes and the aperture sizes for each of them. Please note that the external sizes given are downsized by 1mm all round when we cut the mounts, so that the mounts will always fit easily into a frame of the given size, without forcing. Within the list, the bold entries are the sizes in which you are likely to find standard frames.

(This table extends across two pages.)

When examining our prices, please allow us to remind you that **we are no longer registered for VAT: the price you see is the price you pay.**

Single Mounts

All prices quoted are per individual mount. These prices exclude postage and packing.

The minimum order for single mounts is ten of a size and colour, to minimise the risk of their being bent or otherwise damaged in transit.

Standard-cut single mounts are supplied individually wrapped in 30 micron resealable polypropylene bags.

We offer a 15% discount on standard-cut single and double mounts where the total of those items is £250 or more before P&P. We also offer a 7.5% discount on single mounts if you would prefer to receive the mounts unbagged.

Double Mounts

All prices quoted are per individual mount. These prices exclude postage and packing.

The minimum order for double mounts is six of a size and colour, to minimise the risk of their being bent or otherwise damaged in transit.

Standard-cut double mounts are supplied individually wrapped in 30 micron resealable polypropylene bags.

We offer a 15% discount on standard-cut single and double mounts where the total of those items is £250 or more before P&P. We also offer a 3.75% discount on double mounts if you would prefer to receive the mounts unbagged.

SuperPacks

SuperPacks are bulk packs of mixed colours of mounts (single mounts only) which we sell unbagged to provide you with the keenest possible prices.

We regret that we cannot accept requests for particular colours, or mixtures of colours, in SuperPacks; if you require specific colours you must order directly from our range of standard-cut single or double mounts.

The prices quoted are per pack of mounts, not per individual mount. They exclude postage and packing.

Where we have two alternative apertures listed in our standard cut range for a particular external size of mounts, SuperPacks may include either or both of the listed apertures.

Backing Boards

These backing boards are cut from plain grey card, of slightly lighter weight than mount board. They are not cut with an aperture; rather, they are designed to sit behind a mount into which your work has already been introduced, to provide a tidy appearance.

The minimum order for backing boards is ten of a size, to minimise the risk of their being bent or otherwise damaged in transit.

The prices quoted are per individual board. Prices exclude postage and packing. Backing boards are not supplied bagged.

Sample Packs

It is difficult for us to reproduce exact mount colours on a computer screen or in print; it is also difficult for you to decide which colour might match your work best without seeing the colour next to the work itself. For these reasons we offer a Sample Pack, containing swatches of all the colours from our range.

Each swatch is an L-shape so that you can place it over your work to judge how well the colours will match.

The cost of the pack of twenty-one sample swatches is £5.00 INCLUDING postage and packing - and you will receive a discount code which can be used to subtract £5 from the cost of a future order. (Please note that, while we are happy for you to order more than one sample pack, you will only be able to redeem one discount code against each future order.)

We look forward to receiving your orders!

Please note that our web site will always have the most up-to-date pricing. In cases where the pricing on the site differs from that given within this price list, the site's pricing will prevail.
