What is the external size of the mount required?

Please describe the aperture(s) you require. We need to know:

- ♦ how many apertures you require
- ♦ what size the apertures should be
- ♦ where they should be placed within the mount

Please sketch your required layout below (or attach it as a separate sheet) if it will be easier for you. Make sure you include all appropriate measurements.

How many mounts do you need? (The minimum order is 10 single mounts or 6 double mounts to allow them to be posted without risking damage).

What colour(s) should they be? (For double mounts, we need to know the UPPER and UNDER colours.)

Please fax this sheet back to us on **01460 30772** and we will contact you with a quotation.
You may also post it to the address above.
